Education

Dr. A.P.J. Abdul Kalam Technical University, Lucknow

Bachelor of Technology in Information Technology

Sep. 2022 – Present

Lucknow, Uttar Pradesh

Projects

Luxora – Full-Stack E-Commerce Platform [↗](#) | MERN Stack, Redux Toolkit, TailwindCSS, Stripe February 2025

- Engineered a scalable e-commerce platform for a clothing brand, optimizing performance and user experience.
- Developed and integrated secure **JWT authentication** with role-based access control for users and admins.
- Implemented **Stripe API** for seamless and secure payment processing.
- Designed and deployed an **admin dashboard** for product and order management with real-time updates.
- Enhanced UI/UX using **Framer Motion** for fluid animations and **TailwindCSS** for responsive styling.
- Optimized image handling with **Cloudinary** and automated transactional emails via **Nodemailer**.
- Deployed frontend and backend on **Vercel**, ensuring scalability, security, and high availability.

Personal Portfolio Website [↗](#) | React, Redux Toolkit, TailwindCSS, Framer Motion

November 2024

- Developed a fully responsive and interactive portfolio website to showcase projects and skills.
- Implemented **Redux Toolkit** for state management, ensuring seamless component communication.
- Designed and styled a modern UI using **TailwindCSS**, focusing on accessibility and responsiveness.
- Integrated **Framer Motion** for smooth animations, enhancing user experience and engagement.
- Optimized performance with lazy loading and efficient asset management.
- Deployed on **Vercel** for fast, scalable, and secure hosting.

Experience

Self-Employed

Jan 2025 – Present

Full-Stack Web Developer

Remote

- Developed and deployed **Luxora**, a full-stack e-commerce platform, implementing secure authentication, payment integration, and an admin dashboard.
- Engineered a scalable and responsive UI/UX using **React**, **Redux Toolkit**, **TailwindCSS**, and **Framer Motion** to enhance user engagement.
- Integrated **Stripe API** for seamless payment processing and **Cloudinary** for efficient image storage and optimization.
- Built and deployed an **admin dashboard**, enabling product and order management with real-time updates.
- Optimized backend performance with **Node.js**, **Express.js**, and **MongoDB**, ensuring security and scalability.
- Deployed **Luxora** on **Vercel**, achieving high availability and smooth performance.

Self-Employed

Sep 2024 - Nov 2024

Frontend Developer

Remote

- Designed and developed a **personal portfolio website** using **React**, **Redux Toolkit**, and **TailwindCSS** to showcase projects and skills.
- Implemented **Framer Motion animations** for smooth transitions and interactive UI elements.
- Optimized website performance with **lazy loading**, efficient asset management, and accessibility best practices.
- Deployed the portfolio on **Vercel**, ensuring fast and reliable hosting.

Technical Skills

Languages: Java, JavaScript, Python, HTML, CSS

Technical Course: Data Structures and Algorithms

Frameworks/Libraries: React.js, Redux Toolkit, TailwindCSS, Framer Motion, Express.js, Node.js

Databases: MongoDB

Cloud APIs: Vercel, Cloudinary, Stripe API, Nodemailer

Tools Platforms: Git, GitHub

Achievements

LeetCode Milestones

Feb 2025

- Solved **250+** **Data Structures and Algorithms** problems on LeetCode using **Java**.
- Achieved a **100-day coding streak**, demonstrating consistency and problem-solving skills.
- Earned multiple LeetCode badges, showcasing expertise in algorithms and competitive programming.
